

## 126 Karen

I created Karen as a powerful compilation figure to stand for the 23 women who have come forward to report sexual allegations against Donald Trump – including rape, sexual assault, sexual exploitation and affairs – starting as early as the 1980s.

These women include a former Playboy Playmate of the Year, several beauty queens, two journalists, a yoga instructor, a photographer's assistant, a secretary and two former contestants from Trump's reality television show "The Apprentice."

Karen reflects the victims preyed upon – both in unreported as well as reported incidents – by this amoral, ignorant, sexist, vulgar misogynist.

She also represents all women victimized simply because they are women.

Ironically, Donald Trump is tarred blackest by his own brush. Who can forget his bragging words caught on videotape: "When you're a star, they let you do it... Grab them by the pussy. You can do anything."

Trump denies all of these charges and has threatened litigation against anyone alleging claims of sexual improprieties. To date, he has taken no legal action.
